

## TECHNICAL DATASHEET

# TWA/FC 472 VV/H

| PRODUCT FICHE according to European Regulation n° 2016/2281: Information requirements for high temperature process chillers                                      |                    |          |                       |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|----------|-----------------------|
| Model:                                                                                                                                                           | TWA/FC 472 VV/H    |          |                       |
| Type of condensing:                                                                                                                                              | Air-Cooled         |          |                       |
| Refrigerant fluid:                                                                                                                                               | R1234ze            |          |                       |
| Item                                                                                                                                                             | Symbol             | Value    | Unit                  |
| Operating temperature                                                                                                                                            | t                  | 7        | °C                    |
| Seasonal energy performance ratio                                                                                                                                | SEPR               | 5.67     | [-]                   |
| Annual electricity consumption                                                                                                                                   | Q                  | 650503   | kWh/a                 |
| Parameters at full load and reference ambient temperature at rating point A (**)                                                                                 |                    |          |                       |
| Rated refrigeration capacity                                                                                                                                     | P <sub>A</sub>     | 499.5    | kW                    |
| Rated power input                                                                                                                                                | D <sub>A</sub>     | 155.78   | kW                    |
| Rated energy efficiency ratio                                                                                                                                    | EER <sub>DCA</sub> | 3.21     | [-]                   |
| Parameters at rating point B                                                                                                                                     |                    |          |                       |
| Declared refrigeration capacity                                                                                                                                  | P <sub>B</sub>     | 464.54   | kW                    |
| Declared power input                                                                                                                                             | D <sub>B</sub>     | 106.54   | kW                    |
| Declared energy efficiency ratio                                                                                                                                 | EER <sub>DCB</sub> | 4.36     | [-]                   |
